

The 2024 Annual Meeting of the Division of Gravitation and Relativistic  
Astrophysics of the Chinese Physical Society  
/ The Sixth Galileo-Xu Guangqi Meeting

The Annual Meeting of the Division of Gravitation and Relativistic Astrophysics of the Chinese Physical Society is the most important gravity-related conference in China. The Galileo-Xu Guangqi Meeting is dedicated to commemorating their contributions to astronomy and dissemination of knowledge between Europe and China during the scientific revolution. These two meetings will be joined together and be hosted jointly by University of South China, Hunan Normal University, Lanzhou University, the Institute of Theoretical Physics at the Chinese Academy of Sciences (CAS), Hunan University of Arts and Sciences, and Purple Mountain Observatory of CAS, during April 19, 2024 - April 24, 2024. The conference will provide a platform for researchers to communicate their new discoveries and latest progresses in the fields of gravitation and relativistic astrophysics. The contents will cover but are not limited to classical and quantum gravity theories, gravity experiments, black hole physics, gravitational waves, nuclear astrophysics, dark matter and dark energy, multi-messenger astronomy, and cosmology, and other cutting-edge scientific problems.

General information:

1. **Conference home page:** [meeting2024.usc.edu.cn/english/index.html](http://meeting2024.usc.edu.cn/english/index.html)
2. **Registration fee:** Euro 200 or USA Dollar 215 will be charged when joining meeting.
3. **Registration deadline:** March 20, 2024
4. **Conference check-in date:** April 19, 2024
5. **Conference check-out date:** April 24, 2024
6. **Conference and lodging:** Linyin Holiday Hotel (No. 43 Jiefang Avenue, Zhengxiang District, Hengyang, Hunan Province, China)
7. **Presentation types:** Invited plenary talk and Oral presentation
8. **Contact information:** Dr. Bo Yang, Email: [yb@usc.edu.cn](mailto:yb@usc.edu.cn)
